Welcome to the GridShare™ Capacity Auction Program

GridShare™ is GrandBridge Energy's Non-Wires Alternative program aimed at leveraging Demand Response, including behind-the-meter Distributed Energy Resources, to address short-term grid capacity constraints.

Please Note: For 2026, this program is only available to customers in Cambridge and selected areas of North Dumfries.

To view the Pre-Auction Report*, including a detailed program timeline, download it here: [Pre-Auction Report](#)
To view the complete Program Rules*, download it here: [Program Rules](#)

Instructions for first time participants:

1. Click on the Sign-In button to create an account by providing your email and logging in using the passcode provided.
2. Finish the Registration Process by providing the following information when prompted:
 - User Profile: Full Name and Phone Number
 - Organization profile: Organization Name and Address

Click 'Sign In' to begin your registration process.

If you are a registered participant, you can sign-in to add, edit or remove resource and offer information, during the registration and offer submission windows, as mentioned in the Pre-Auction report. You can also sign-in to view the status of your submitted resources and offers.

For further information regarding the sign-in and submission process, please see the video provided here: [Registration Video](#), or download the step-by-step instructions here: [Sign-In Instructions](#)

Should you have any inquiries or concerns regarding the program, please contact GrandBridge Energy at innovation@grandbridgeenergy.com.

*The Ontario Energy Board (OEB) is currently reviewing the GrandBridge Energy Non-Wires Solution Program application (EB-2025-0265). The execution of participant agreements between partners and GrandBridge Energy is contingent on OEB approval. Program rules, dates and offering may change ahead of contracting without notice. Enter code

We just sent a code to john.doe@email.com

Step 4: Set up your user profile

The first time you sign-in, you will be asked to provide user details as shown below.

GrandBridge ENERGY GRID SHARE™

Logout

User Profile Organization Profile

Complete Your Profile

User Profile Incomplete

Full Name

Phone Number

Email Address

nimishb+demo1@grids2.com

☐ I acknowledge that I have read, understood, and agree to the [GBE NWA Program \(GridShare\) Web Portal Terms of Use](#).

Update User Profile

Step 5: Set up organization profile

After creating a user profile, you will be asked to provide details for your organization as shown below.

Logout

User Profile

Organization Profile

Add Organization Information

Organization Profile
Incomplete

Legal Name of Organization

Address Line 1

Address Line 2

City

Province

Country

Postal Code

Choose one of the following that describes your organization:
☐ Direct Participant ☐ Aggregator

Please Confirm You Are a Signing Officer Authorized to Bind the Company
☐ Yes ☐ No

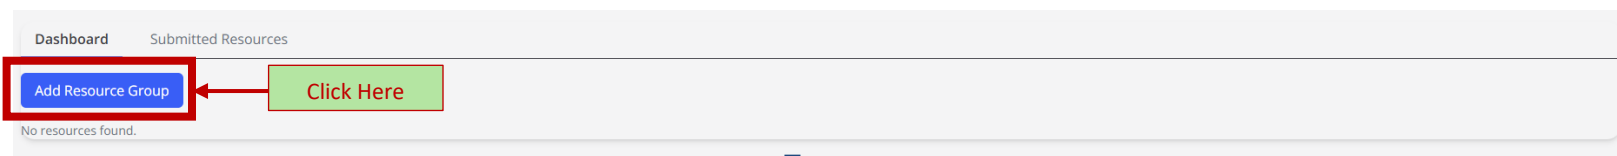

Step 6: Add Resources

Once logged in, you will see 2 tabs – Dashboard and Submitted Resources:

Dashboard Tab: Allows you to add, modify, delete resource information, and, during Offer Period to add, modify and delete, the offer laminations (see Appendix D for more details on submitting offers). Below are the steps to add resources for GBE approval:

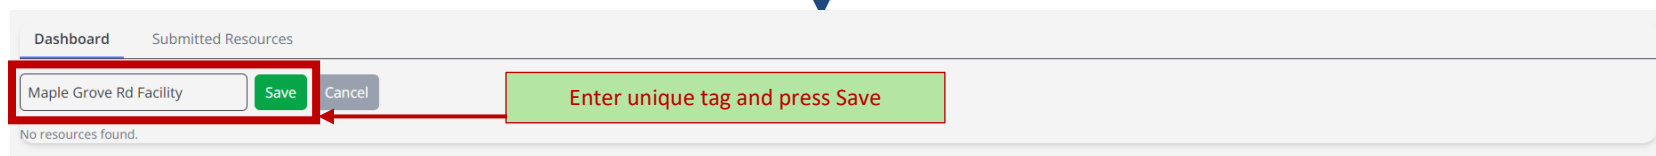

Step 6a: Add a resource group – this must be done to add both individual resources, as well as aggregated resources.

Dashboard Submitted Resources

Add Resource Group

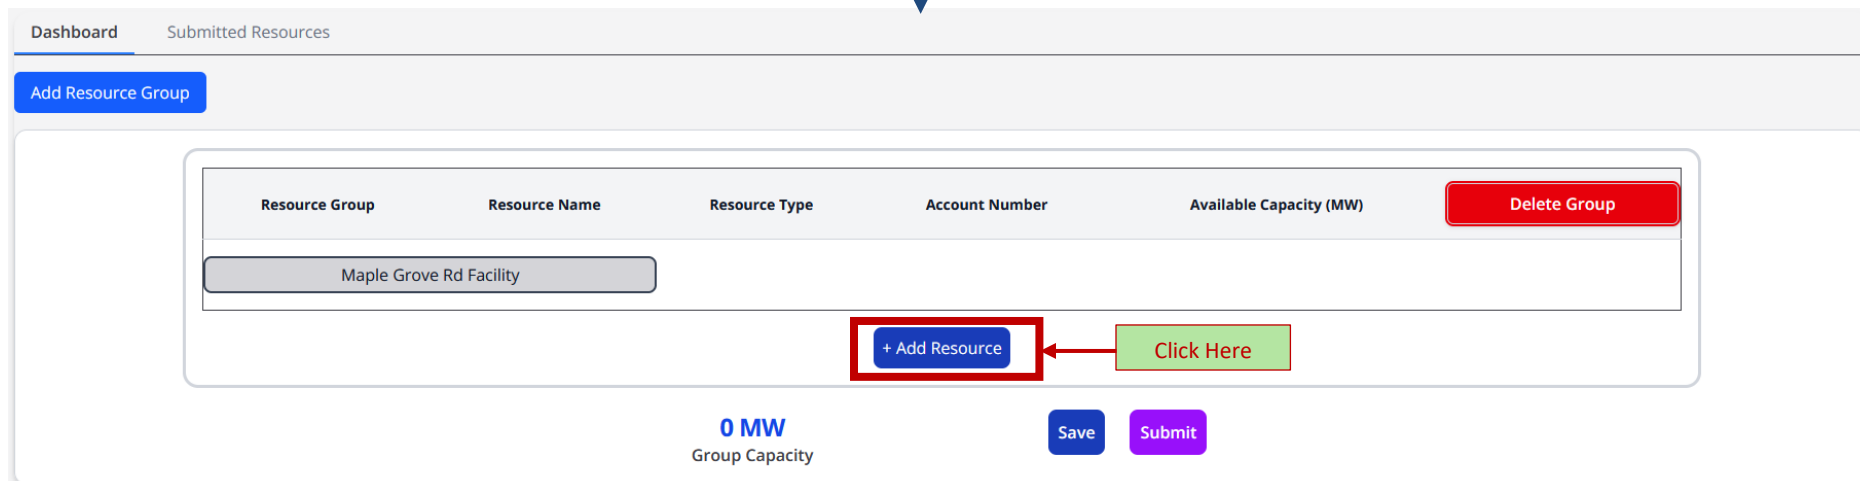

No resources found.

Dashboard Submitted Resources

Maple Grove Rd Facility Save Cancel

No resources found.

Dashboard Submitted Resources

Add Resource Group

Resource Group	Resource Name	Resource Type	Account Number	Available Capacity (MW)	Delete Group
	Maple Grove Rd Facility				

+ Add Resource

0 MW
Group Capacity

Save Submit

Step 6b: Add resource(s)

- i. for **individual resources** - add resource information:
 - Resource Name: Unique tag for the resource – to be determined by participant
 - Resource Type: Type of resource – to be selected from available list of resources
 - Account Number: Participant’s GBE customer account number
 - Installed Capacity: Nameplate capacity of the resource being registered in MW

Dashboard
Submitted Resources

Add Resource Group

Resource Group	Resource Name	Resource Type	Account Number	Available Capacity (MW)	Delete Group
Maple Grove Rd Facility	BESS1	BESS	0000564610	0.5	

+ Add Resource

0.5 MW
Group Capacity

Save
Submit

Note: For individual resources, installed capacity must be 0.1 MW or higher

ii. for **aggregated resources** - add resource information:

- Resource Name: Unique tag for every resource in the aggregated group – to be determined by participant/aggregator
- Resource Type: Type of resource – to be selected from available list of resources
- Account Number: Unique GBE customer account number for each resource being registered
- Available Capacity: Available Capacity in MW, of each facility being registered

Dashboard
Submitted Resources

Add Resource Group

Resource Group	Resource Name	Resource Type	Account Number	Available Capacity (MW)	Delete Group
Maple Grove Rd Aggregator	BESS1	BESS	6057545000	0.5	
	R1	Load Curtailment	5454608646	2.5	
	BESS2	BESS	0054665620	1.1	

+ Add Resource

4.1 MW
Group Capacity

Save
Submit

Note: For aggregated resources, group capacity must be 0.1 MW or higher

Step 6c: Save or Submit Resource Group

- i. **Save Button:** will save resource group information and will be available for edits during future logins, but will not submit it to GBE for approval
- ii. **Submit Button:** will submit resource group information for GBE approval. Submitted resource information can also be edited up till the offer period ending date – but only the last submitted resource group information will be used by GBE for approval & selection.

Dashboard
Submitted Resources

Add Resource Group

Resource Group	Resource Name	Resource Type	Account Number	Available Capacity (MW)	Delete Group
Maple Grove Rd Aggregator	BESS1	BESS	6057545000	0.5	
	R1	Load Curtailment	5454608646	2.5	
	BESS2	BESS	0054665620	1.1	

+ Add Resource

4.1 MW
Group Capacity

Save
Submit

Resource Group	Resource Name	Resource Type	Account Number	Available Capacity (MW)	Delete Group
Maple Grove Rd Facility	Resource B	Load Curtailment	6548410350	0.3	

+ Add Resource

0.3 MW
Group Capacity

Save
Submit

Note: For more than one (1) Resource Group - Save and Submit buttons must be pressed for each Resource Group

Submitted Resources Tab: Allows you to see status of submitted resources. The Resource Status column can have the following values:

- **Pending:** The resource information is awaiting review by GBE
- **Approved:** GBE has reviewed the information for the resource provided and has approved the resource
- **Rejected:** GBE has reviewed the information for the resource provided and has rejected the resource. The rejection can be due to incorrect information filled out, for example, if the account number is wrong.

Dashboard Submitted Resources				
Maple Grove Rd Aggregator				
Resource Name	Resource Type	Account	Available Capacity (MW)	Status
BESS1	BESS	6057545000	0.5	Pending
R1	Load Curtailment	5454608646	2.5	Approved
BESS2	BESS	0054665620	1.1	Pending
Maple Grove Rd Facility				
Resource Name	Resource Type	Account	Available Capacity (MW)	Status
Resource B	Load Curtailment	6548410350	0.3	Rejected
